

KAHSA 2010 WEB - ED CLUB

- Save time and money on education
- Select from a banquet of topics
- No travel or hotel expenses to pay for
- Send as many people as you want
- Receive CEs for up to 6 staff members
- Give us your ideas for future topics

2010 KAHSA WEB-ED CLUB

The KAHSA WEB-ED Club is a system of online education that is convenient and economical. We know that it's difficult to get away, so we're bringing education to you! All you need to participate is a computer with internet access and a speaker phone. You can have as many staff members in attendance at each webinar that you wish, and the price includes administrator or nursing CEUs for up to 6 people!

****BEST VALUE****

Each webinar is priced at \$119 individually, but as Club members, you pay only \$89 each. To join, you will agree to purchase at least six webinars up front. (6 @ \$89 = \$534) **(That's less than \$10 per CEU per person!)** You register for each webinar at kahsa.org then you will receive via email instructions for logging on, handouts and how to get continuing education hours.

Below are some potential topics for the 2010 Web-Ed Club. To keep this program responsive and flexible, we will be adding more topics throughout the year, so check our website often for updates. We encourage your suggestions so please list them on the enrollment form. Remember, to join the 2010 Web-Ed Club, you must pay up front for six webinars of your choice. Any webinars over the 6 you pre-pay for will also be at the Web-Ed Club price. You'll also get one **FREE** webinar of your choice.

Read what some of this year's members have to say about the club:

"KAHSA Webinars have provided several of us from PMMA the opportunity to gain valuable, pertinent, industry specific information in a very convenient manner. The Webinars are not only convenient and cost effective, they are also time effective as there is no need to factor travel time in to your busy schedule. KAHSA staff have been prompt and professional with handling the paperwork end of the CEU process. I have been very pleased to include KAHSA Webinars in my CEU planning process." Rhonda Parks, Executive Director, Lawrence Presbyterian Manor

"I really like the convenience of not having to travel for education. Rather than spending a good portion of our staff's day, we can sit down for an hour or two, then be back to work immediately after. Between the handouts, watching on-screen, and hearing the audio it's easy to follow the presentation. This also allows us to cover a wider range of education, as we do more web sessions than we would if we had to travel to different locations for each." Jason Stucky, CFO, Memorial Home

"We have been members of the Web Ed Club since you began offering it to your members. We are very pleased to have this type of education for our employees. The presentations have been excellent. It is convenient, efficient, cost effective, and available to more employees." Nancy Conyac, Administrator, formerly Solomon Valley Manor

Some Topics Presented in 2009...

Effective Grant Writing
